KEZAR LAKE ROAD GRANT

- Steve met with Robbie Drew to talk about the job
- Robbie thinks it will take about 3 weeks to complete
- He plans on starting the first week in June
- Steve will draft a contract
- It says in the plans to either grind or remove the pavement - choice is to remove (not much)
- Robbie will pull any rocks

LAKE ROAD CULVERTS

- The first smaller culvert has been an everyday issue with the beavers - they've built a big dam
- The smaller culverts are harder to clear out
- Get a fire hose to run through them, or a tire
- May have to close the road for a little while to do it right

113B ROAD PROJECT

- We used the repurposed tar mainly for the hills and added more in front of some of the houses
- The first hill after the bridge has a much shallower grade
- Still need to do some edging and ditching
- Carl will meet with Burkes next week to give him feedback on the job
- The gravel is to state specs
- Manzer is available for advice on our roads if we need it

UNION HILL JOB

- We may be able to do some more work
- We can use our own material - pay for only trucking & labor
- We should put stakes in to mark sections that need material
- There is a cone where Manzer took a rock out, still needs to be filled
- We may be able to grind more of Union Hill if Manzer is in the area

OXFORD COUNTY

- Steve called Oxford County about monitoring our reckless driving situation
- Hasn't heard back
- By reporting it we have a record of communication documenting where & when

Meeting adjourned 7:25pm

Respectfully submitted,
Isabelle Stafford, Road Secretary
